PERFORMANCE

PRODUCT BROCHURE
OCTA / ZRG-X

ETHANOL 95%

OCTA-X

Clean ethanol for builds that want more timing and boost.

SIZES 25 L can · 210 L drum

01 WHAT IT'S FOR

- Ethanol-fuelled performance and motorsport builds
- Flex-fuel setups with a fuel system rated for alcohol
- Tuners and workshops who need a consistent ethanol supply

02 WHY OCTA

- At least 95.0% ethanol (dry basis), water 0.4% max: specification on the published data sheet
- Manufacture date and batch number on every pack, so every fill can be traced
- Supplied from the East Rand: collect, or local delivery for bigger orders
- Technical data sheet online: scan the code

03 PROS

- Alcohol fuel carries its own oxygen
- Cools the intake charge as it evaporates
- Lets ethanol-tuned builds run more timing and boost
- Clear and bright, low colour, tight limits on water and acidity

04 HOW TO USE

Use as supplied. Run it only in a fuel system rated for alcohol, on a tune made for ethanol.

Highly flammable liquid (UN 1170, Class 3). Keep away from flames and sparks. Read the SDS before use.
